

## Carthage Church Website Maintenance

### **Position Description:**

Work with the Carthage church on their website (<http://carthagechurchofchrist.org/>). The existing website was created years ago, is very static, and needs more frequent fresh content.

Members of Carthage have expressed interest in working on the site themselves, however, so far nothing has happened. The person who is interested in this work will need to be flexible and able to either help them get started maintaining their own site (preferred) or be the go-to person for their site updates. Regardless, this is a great opportunity for someone who is interesting in managing a church website to gain valuable experience.

### **Qualifications:**

- Knowledge or willingness to learn about website maintenance. This can be as simple as using wordpress for blogging.

### **Responsibilities:**

- Communicate with Randy Chambers and their interested members to determine their desired level of involvement and let them maintain as much control as possible over the site.
- Work with our Deacon of Missions and others involved with our Carthage support to collect site content.

### **Ministry Deacon Contact:**

Jeff Essie

### **Time Commitment:**
